Dear Sir:

Subject: Docket No. 98N-1265

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of physicians and patients to obtain healthcare products from the provider of their choice, and infringes on the rights of compounding pharmacists to serve the public's medical needs.

Personally, I have benefited greatly by being able to order prescriptions from a compounding pharmacy in Wisconsin. I am unable to use the drugs in their commonly distributed form. However, by specially compounding the drugs for me, I am able to use the drugs that help make my life a healthy and productive one. Very few pharmacies do compounding. There is a big difference in the quality and the medium between pharmacies. The pharmacy in Wisconsin has the best reputation and uses a medium that makes the drugs act better for me than other mediums.

Sincerely,

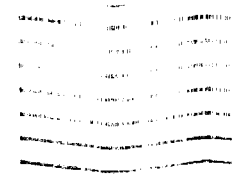

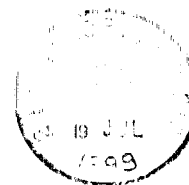

Linda Jane Evans
